

Requirements to Qualify / Proposal

The requirements listed below are the minimum levels expected from the professional indicated.

For Zoning Board Traffic Engineer

The Zoning Board Traffic Engineer shall be either a member of or employed by a firm of New Jersey licensed engineers and shall have all applicable licenses to perform general engineering in NJ. His firm must include traffic engineering services as a discipline with at least five (5) years experience in all aspects of municipal traffic engineering including but not limited to expertise in planning and /or zoning board traffic review, testimony and traffic studies and calculations and must have experience and knowledge in land use law, RSIS and NJDOT rules and regulations. The individual appointed or assigned by a Firm shall have been licensed as an engineer in the State of New Jersey for a minimum of five (5) years and have five (5) years prior experience as a Traffic Engineer. The appointed traffic engineer may, in his/her discretion be assisted by employees of his firm with a lesser level of experience. Firm and individual must comply with the local pay to play ordinance.

Please explain how you or your firm meets the minimum requirements. (Attach additional sheets, if necessary.)
