Part II For Payees Exempt From Backup Withholding (See Part II instructions on page 2)

Part III Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding.

Certification Instructions.—You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because of underreporting interest or dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, the acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (Also see **Part III instructions** on page 2.)

Section references are to the Internal Revenue Code.

Purpose of Form.—A person who is required to file an information return with the IRS must get your correct TIN to report income paid to you, real estate transactions, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA. Use Form W-9 to give your correct TIN to the requester (the person requesting your TIN) and, when applicable, (1) to certify the TIN you are giving is correct (or you are waiting for a number to be issued), (2) to certify you are not subject to backup withholding, or (3) to claim exemption from backup withholding if you are an exempt payee. Giving your correct TIN and making the appropriate certifications will prevent certain payments from being subject to backup withholding.

Note: If a requester gives you a form other than a W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

What Is Backup Withholding?—Persons making certain payments to you must withhold and pay to the IRS 31% of such

payments under certain conditions. This is called "backup withholding." Payments that could be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

If you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return, your payments will not be subject to backup withholding. Payments you receive will be subject to backup withholding if:

- You do not furnish your TIN to the requester, or
- The IRS tells the requester that you furnished an incorrect TIN, or
- The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
- You do not certify to the requester that you are not subject to backup withholding under 3 above (for reportable

interest and dividend accounts opened after 1983 only), or

- You do not certify your TIN. See the Part III instructions for exceptions.

Certain payees and payments are exempt from backup withholding and information reporting. See the Part II instructions and the separate **Instructions for the Requester of Form W-9**.

How To Get a TIN.—If you do not have a TIN, apply for one immediately. To apply, get **Form SS-5**, Application for a Social Security Number Card (for individuals), from your local office of the Social Security Administration, or **Form SS-4**, Application for Employer Identification Number (for businesses and all other entities), from your local IRS office.

If you do not have a TIN, write "Applied For" in the space for the TIN in Part I, sign and date the form, and give it to the requester. Generally, you will then have 60 days to get a TIN and give it to the requester. If the requester does not receive your TIN within 60 days, backup withholding, if applicable, will begin and continue until you furnish your TIN.

Please take notice that it is the applicant's responsibility to determine what type of application is being requested before the Board. It is further the applicant's responsibility to be able to prove such case under the requirements of N.J.S.A. 40:55D-1 et. seq. Failure by the applicant to present the required proof will result in the denial of an application.

A copy of the N.J.S.A. 40:55D-70 is attached for your information and use.

40:55D-70. Powers. The board of adjustment shall have the power to:

a. Hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision or refusal made by an administrative officer based on or made in the enforcement of the zoning ordinance;

b. Hear and decide requests for interpretation of the zoning map or ordinance or for decisions upon other special questions upon which such board is authorized to pass by any zoning or official map ordinance, in accordance with this act;

c. (1) Where: (a) by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or (b) by reason of exceptional topographic conditions or physical features uniquely affecting a specific piece of property, or (c) by reason of an extraordinary and exceptional situation uniquely affecting a specific piece of property or the structures lawfully existing thereon, the strict application of any regulation pursuant to article 8 of this act [40:55D-62 et seq.] would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon, the developer of such property, grant, upon an application or an appeal relating to such property, a variance from such strict application of such regulation so as to relieve such difficulties or hardship; (2) where in an application or appeal relating to a specific piece of property the purposes of this act would be advanced by a deviation from the zoning ordinance requirements and the benefits of the deviation would substantially outweigh any detriment, grant a variance to allow departure from regulations pursuant to article 8 of this act [40:55D-62 et seq.]; provided, however, that the fact that a proposed use is an inherently beneficial use shall not be dispositive of a decision on a variance under this subsection and provided that no variance from those departures enumerated in subsection d. of this section shall be granted under this subsection; and provided further that the proposed development does not require approval by the planning board of a subdivision, site plan or conditional use, in conjunction with which the planning board has power to review a request for a variance pursuant to subsection a. of section 47 of this act [40:55D-60]; and

d. In particular cases for special reasons, grant a variance to allow departure from regulations pursuant to article 8 of this act to permit: (1) a use or principal structure in a district restricted against such use or principal structure, (2) an expansion of a nonconforming use, (3) deviation from a specification or standard pursuant to section 54 of P.L. 1975, c. 291 (C. 40:55D-67) pertaining solely to a conditional use, (4) an increase in the permitted floor area ratio as defined in section 3.1 of P.L. 1975, c. 291 (C. 40:55D-4), (5) an increase in the permitted density as defined in section 3.1 of P.L. 1975, c. 291 (C. 40:55D-4), except as applied to the required lot area for a lot or lots for detached one or two dwelling unit buildings, which lot or lots are either an isolated undersized lot or lots resulting from a minor subdivision or (6) a height of a principal structure which exceeds by 10 feet or 10% the maximum height permitted in the district for a principal structure. A variance under this subsection shall be granted only by affirmative vote of at least five members, in the case of a municipal board, or two-thirds of the full authorized membership, in the case of a regional board, pursuant to article 10 of this act.

If an application for development requests one or more variances but not a variance for a purpose enumerated in subsection d. of this section, the decision on the requested variance or variances shall be rendered under subsection c. of this section.

No variance or other relief may be granted under the terms of this section, including a variance or other relief involving an inherently beneficial use, without a showing that such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and the purpose of the zone plan and zoning ordinance. In respect to any airport safety zones delineated under the "Air Safety and Zoning Act of 1983," P.L. 1983, c. 260 (C. 6:1-80 et seq.), no variance or other relief may be granted under the terms of this section, permitting the creation or establishment of a nonconforming use which would be prohibited under standards promulgated pursuant to that act, except upon issuance of a permit by the Commissioner of Transportation. An application under this section may be referred to any appropriate person or agency for its report; provided that such reference shall not extend the period of time within which the zoning board of adjustment shall act.
